

TEST CERTIFICATE

Henzi Tech GmbH, Maschinen- & Anlagenbau
Fiechtlerweg 2, 4524 Günsberg

Tel. 032 637 14 46
Fax 032 637 20 21

Order Number Henzi Tech: 180392
Customer: Zürcher Technik AG Order number: 62020941
Kind of test: helium leak detection Datum: 06/Apr/18

Test object: Ball Valve 20D DN25 FB
Manufacturer: Henzi Tech GmbH, Fiechtlerweg 2, 4524 Günsberg
Drawing number:
Measuring unit: mbar .l. sek.

Test conditions according to customer specifications:

Vacuum inside . spray with helium on the outside
1x in closed position, tightness in the passage
1x in half open position, tightness spindle and housing seal

Pressure:
Temperature: RT
Medium: Helium

Maximum permissible leak rate: 10⁻⁵
Process: vacuum inside . spray with helium on the outside

Used test equipment: ULTRATEST L 200
Test equipment - mark: Do1247
Audit findings: 10⁻⁷

Remarks: no

Test location Günsberg, 05/Apr/18

Tester: Christian Henzi
